### **Bee Sweet's Summer Citrus Varieties are Now Available**

FOWLER, Calif. - As California's citrus season wraps up, the Bee Sweet Citrus sales team is shifting its focus to the company's summer citrus line.

"Bee Sweet's offshore program supplements citrus demand during the summer months and is the result of our long-standing relationship with Chilean growers," said sales representative Jason Sadoian. "This season, we're happy to offer our customers both domestic and offshore products to meet their citrus needs."

Currently, Bee Sweet Citrus offers offshore mandarins and lemons, as well as domestic Valencia oranges, Royal Red oranges, lemons, and grapefruit. Offshore Cara Caras will arrive mid-August and Navel oranges are expected to arrive by the second week of July.

"All offshore products undergo rigorous quality checks to ensure freshness before leaving our facility," added Sadoian. "We can also pack products in any bag style preferred by our customers."

Bee Sweet's production and food safety teams collaborate to ensure that all summer varieties meet the company's rigorous quality standards, while the sales team manages import clearance, logistics, and inventory. As families seek healthy options to enhance their diets, they can rely on Bee Sweet Citrus to meet their citrus needs.

To learn more about Bee Sweet's summer citrus program, please call a sales representative at 559-834-4200 or visit [www.beesweetcitrus.com](http://www.beesweetcitrus.com).
